
OpenRefine and SNAC

2021 SNAC Annual Meeting

SNAC is a very powerful tool...

...once your metadata is in it!

What Do We Need?

1. Creating many records at a time
 2. Creating minimal records quickly
 3. Reusing existing description easily
 4. ...all done via tools that archivists are familiar with
-

What Do We Need?

1. Creating many records at a time
 2. Creating minimal records quickly
 3. Reusing existing description easily
 4. ...all done via tools that archivists are familiar with
 5. **...and with clear documentation**
-

Documented Workflow

1. Using OpenRefine: Setting Up & How-to Basics
 2. Getting Your Data & Getting It Into OpenRefine
 3. Editing data with SNAC plugin using OpenRefine
 4. Examples and Use Cases
-

Where Can I Find It?

1. [SNAC Resources & Tools](#)
 2. [OpenRefine Plugin GitHub](#)
 3. [Google Drive](#)
-

How Can I Get In Touch?

1. <https://snac-coop.slack.com/>
 2. <https://github.com/snac-cooperative/snac-openrefine-extension/issues>
 3. alexanderduryee@nypl.org
